**AMENDMENT**

This Amendment is submitted in response to a non-final first office action in the above case dated June 27, 2007 in which the Examiner objected to certain claims, rejected certain claims as directed to non-statutory subject matter (35 U.S.C. §101), and rejected all the claims as anticipated (35 U.S.C. §102) and obvious (35 U.S.C. §103) over cited art. Applicants amended the claims to overcome the objections and Sections 101, 102, and 103 rejections. On September 18, 2007, the attorney for Applicants and the Examiner held a phone interview in which amendments to the claims and arguments were discussed. Applicants submit herewith an Interview Request Form providing an agenda of the interview. Applicants submit that all pending claims 1-33 are patentable over the cited art and in condition for allowance for the reasons discussed herein.

Amendments to the Claims are reflected in the listing of claims which begins on page 2.  
Remarks/Arguments begin on page 13.
